FORMAT

All matches will be 9 holes. There are a possible 12 points that may be earned in each match. There will be 3 ways to earn points for your team during each match.

FOUR-BALL

Four-ball match play and individual match play, with two teammates playing their net better ball against the net better ball of the opposing team. The team that wins the hole receives one point; if the teams tie the hole, each team receives half a point. The team with the most points at the end of the match is awarded an additional point for a maximum possible total of 10 points per team match.

INDIVIDUAL

The individual matches will be played during your four-ball match each week. Each individual on the team will have their own match against one of the opponenets. Each individual match will be worth one point. Before matches begin, players will be matched with their opponent based on handicap. The winner of the individual match is determined by the total net score.
